

Statement of Non-use Conflict Minerals

Published Date: Nov 2024

Rev. 2

On-Bright is aware of the conflict mineral reporting obligations legislated by Section 1501 of the U.S. Dodd-Frank Wall Street reform act and considers the mining activities in the Democratic Republic of Congo (DRC) and surrounding countries are fuelling conflicts and human rights abuses by financing armed groups.

In order to carry out the social responsibility, On-Bright investigated the use of Gold (Au), Tantalum (Ta), Tungsten (W) and Tin (Sn) in the material and process in the supply chain to assure that these metals are not being sourced from mines in the conflict region. Based on information provided by our suppliers, On-Bright doesn't use metals derived from the conflict region.

On-Bright hereby warrants that we have complied and will continue to comply with all applicable international laws and regulations regarding Conflict Minerals.
